

Relationship Rewards Program

At Lutheran Federal Credit Union, we believe your financial partnership should grow with you. Our new Relationship Rewards are designed to recognize and reward your deepening connection with LutheranFCU. As your relationship expands through added accounts, loans, deposits, and active engagement, your benefits increase, too.

Our members enjoy progressively greater advantages such as lower rates on lending products and higher returns on your certificates and dividend earning checking accounts. It's our way of saying **thank you** for trusting us to be your faith-based financial home and for walking alongside us in the shared mission of wise stewardship and service to others.
